

MASTEC®

The Leading Edge in Waste Management...

MASTEC Australia Pty Ltd

14th March 2007

MASTEC Australia Appoints New Zealand Product Distributor

MASTEC Australia Pty Ltd is proud to announce Stowers Containment Solutions Ltd as their authorised distributor for New Zealand and the Pacific Islands.

MASTEC product is produced in its state of the art manufacturing facility located in Adelaide South Australia and is the most modern MGB manufacturing facility in Australia.

Stowers long history in providing high levels of service and stock availability will further enhance the MASTEC product range as being the product of choice in Waste Industry in New Zealand.

MASTEC has over 1.2 million mobile garbage bins in service throughout Australia and New Zealand.

The synergies between the two companies will deliver:

- **High quality products**
- **Competitive pricing**
- **Timely stock availability**
- **A local supplier relationship to support your business long term**

Stowers branches are located in Auckland, Christchurch and Wellington and will provide easy access to the full range of MASTEC mobile garbage bins.

We look forward to offering a new level of dependable service to our customers' current and future, through Stowers Containment Solutions.

Yours sincerely

Philip Allen
